**Phoenix Auction House, Auction Systems Auctioneers & Appraisers, Inc., Reports
300 Percent Increase in Number of Auctions**

Phoenix, AZ. June 23, 2010 – <http://www.auctionandappraise.com/auctions.html>
Phoenix auction house, Auction Systems Auctioneers & Appraisers, Inc., has recently reported a drastic increase in the number of liquidation auctions as well as the number of items in these auctions. According to Auction Systems, they have seen a 300 percent increase in the number of auctions and number of items being offered in the auctions.

This increase in liquidation auctions is most likely due to changes in the economy. The recession has caused a larger number of Arizonans to search for extra means of income and many individuals are choosing to liquidate their assets at a Phoenix auction.

“This increase in the number of auctions as well as auction items has really allowed us to offer our buyers some incredible deals on some incredible items,” said Deb Weidenhamer, CEO of Auction Systems Auctioneers & Appraisers, Inc. “Buyers now have more items to choose from and are more likely to find that great bargain that they have been looking for while sellers are still able to get fair price for valuables.”

Auctions Systems Auctioneers & Appraisers, Inc. is the Southwest’s most active auction and appraisal company. There has never been a better time to take advantage of a Phoenix auction house. Auction Systems will help you get the most for your valuables if you wish to liquidate your assets and they will be also the place to go if you are looking to find an incredible auction item at a reasonable price.
